WHEREAS, the City Council hereby mandates that the aforementioned Belmont Zoning Ordinance amendments regarding slope/density requirements for the R-1A, R-1B, and R-1C single family residential zoning districts, shall be effective for any project submitted after September 12, 2006.

SECTION 1: NOW, THEREFORE BE IT ORDAINED by the City Council of the City of Belmont that Section 4.2.3 (a) & (c) of the Belmont Zoning Code be hereby amended to read as follows:

Section 4.2.3 (Site Area, Dimension and Density Limitations)

(a) **SITE AREA.** The minimum site area shall be as follows: R-1E - one acre; R-1H - 20,000 square feet; R-1A - 9,600 square feet; R-1B - 6,000 square feet; R-1C - 5,000 square feet; provided, however, that each R-1A, R-1B, and R-1C district lot proposed for new land division shall comply with the maximum allowed residential dwelling unit density and minimum lot sizes computed in accordance with the applicable provisions of the Slope/Density Tables in this Section. The maximum allowable densities and the minimum allowable lot sizes shall be based upon net land area (after subtracting public street rights of way and vehicular access easements). Lot slope shall be calculated using the formula from the definitions section of Ordinance 360 and lot slopes ending in ½% or more shall be rounded to the next highest whole number. Each lot created by subdivision, or any remainder parcel associated with a subdivision, shall individually meet the minimum lot size standard based upon that lot's particular slope. The allowable density indicated, however, does not preclude the hearing body from determining that a lower density, or larger lots, from that indicated is required to meet the purpose of this ordinance and the goals and policies of the General Plan.

(c) **SITE FRONTAGE.** All R-1A, R-1B, and R-1C district lots created by new land division shall maintain a minimum street frontage of not less than 50 feet. R-1A, R-1B, and R-1C district cul-de-sac lots created by new land division shall comply with minimum street frontage standards established in the City's Subdivision Ordinance (Ordinance 530).
